OFFICE MEMORANDUM

Sub: Use of Internet Explorer for e-Office-reg.

It is being noticed that due to some technical issues, the e-Office application is currently not working efficiently in Mozilla Firefox (Version 79 and above). As a consequence, users of Mozilla Firefox in NCST are experiencing problems relating to auto-saving of noting-portion, alignment of tables and in drafting letters etc. This issue was accordingly raised to e-Office Development Team for resolution of the same.

2. It is advised that until the said issue is resolved by e-Office Development Team, all users of the e-Office application may work on e-Office on **Internet Explorer**.
